FROM THE ADMINISTRATOR

Prior newsletters and other family genealogy information can be found on the Varner Family website.

<http://brucevarner.com/VarnerGenealogy.htm>

We had a good reunion this year! A smaller than average crowd, but some new faces, which are always welcome.

Nothing earth shattering to report from the reunion, but always chipping away at those family details that elude us.

The newsletter this month will be an overview of the reunion presentation. Note that I discovered some mistakes and omissions in the presentation. Those have been corrected. I also have some newly understood details from Cheryl Varner Walker. This updated presentation has been uploaded to the website. You must go through this new version! See more of the details in the main article below!

Thanks to all those who attended the reunion and hope to see everyone next year.

QUESTIONS / NEWS

Shortly before the reunion I received several new copies of Gerald Varner's books: **Varner Families of the South**, Vol's 1 & 2. Gerald was afraid that the remaining copies he had in his position might end up being thrown out at his passing. He wanted to see if I might get them in the hands of Varner researchers who could benefit from them.

I had most of his remaining supply shipped to me. I am now working to get these copies to others, while recouping my shipping costs. I brought many of the volumes to the reunion, and sold several sets.

I am not trying to do the same with the remaining copies. I have about 14 sets of volume's 1 and 2. I wish to sell them as sets, including both volumes, for \$10 plus shipping. That would likely be just under \$14 per set.

If anyone is interested please let me know and we can work something out. Thanks!

Nothing new this month.

2018 Reunion Presentation Overview

This year's presentation at the reunion dealt with providing an idea of the different early Varner's who settled in North Carolina and in Georgia. With the emphasis on which of those Varner lines might be ours.

As presented at the reunion, it was a rather plain overview of these families. In the few days since the reunion, I have incorporated some additional details, and realized some valuable information from Cheryl Varner Walker about her Varner line (The match to our Billy Joe Varner).

I then also tried to add comments to the slideshow so that readers might fully understand the slides.

The result is a much enhanced slideshow that EVERYONE should go through. Whether you were at the reunion or not. It contains some wonderful, new information.

To summarize, we now have a very good, reasonable idea of which of the Varner line(s) in early North Carolina and Georgia are our lines.....

Please take the time to look over this information. You may either open the

PDF online, or download it for later use from [here](#). Let me know if you have any issues.

I am also interested in any discrepancies you find in the slideshow, so I might correct. Thanks!

Enjoy the summer and work on genealogy!
